Diversity Resources

The results of the PDA survey highlighted a knowledge gap with regards to discrimination, diversity and disability services and resources at UGA. If you would like to learn more about available resources on campus, the Office of Institutional Diversity at UGA can provide further information and links. The Office of Institutional Diversity (OID) leads the university in fulfilling its commitment to be a diverse campus that is enriched and informed by the personal, cultural, and intellectual differences of its students, faculty, staff, and visitors. Diversity resources available at UGA can be found here. The Office of Human Resources can also provide further information concerning disability services and accommodations at UGA as well as other work-related issues.

Minority Postdoc also provides a comprehensive collection of resource links, events and opportunities.
